## Interesting Information ~ A Good Read

### NOT STUPID (By Anna Kennedy)

The book is available from [amazon.ca](http://amazon.ca) and the editorial is as follows on the book **NOT STUPID**  
**Editorial Reviews-Product Description**

When Anna and Sean Kennedy discovered that their sons Patrick and Angelo suffered with Asperger's Syndrome and autism respectively, they were truly devastated—but their family's troubles were just beginning. Placed in mainstream nurseries and schools, Patrick and Angelo endured traumatic experiences in a system woefully equipped to cater for their complex needs. Like so many parents, Anna and Sean, having been turned away by no fewer than 26 special needs schools when searching for appropriate educational facilities for the boys, were down—but not out. The local education authority had a fight on its hands. Anna was determined to prove that for children like her sons, the challenges of growing up with autism did not have to end in defeat. Through sheer guts and determination, they turned their situation into a victory for parent power by transforming a disused local school into a center of excellence for the care and support of those with autism. Anna's story, and that of her ever-improving sons, is a beacon of inspiration for parents of special needs children everywhere.

#### About the Author

Anna Kennedy co founded the charity Hillingdon Autistic Care and Support in 1997. By 1999, with the fellow directors, the Kennedys had opened Hillingdon Manor School, a specialist primary school for children with an autistic spectrum disorder. By 2003, Hillingdon Manor School had expanded to open a middle and upper school, and now provides specialist education for 95 children with autistic spectrum disorders aged between three and 19.

#### How You Can Help

As a charitable organization, the Canadian National Autism Foundation strives to raise funds to achieve our goals and it is with the support of generous organizations, companies and people that we are able to put together fundraising events such as those we have had in the past in order to raise the funding needed.

At this time we are looking for financial support, and this can come in various forms:

- Sponsorship of portions of our events
- Donations of prizes for our events
- Purchase of tickets to our events
- Financial contributions directly towards our goals (i.e. research)
- Hold an Autism Awareness Day at your establishment
- Casual Dress Days
- Payroll Deductions
- Host a Golf Tournament or Hockey Tournament
- Sponsor or run a Walk-a-thon
- And any other great ideas that you may have, big or small!

#### Ongoing Fundraisers

Do you buy books about Autism or any other topics online?  
Buy them through the Amazon.ca link on our site, and the CNAF will receive a percentage of your sale from Amazon.ca

#### Disclaimer

The Canadian National Autism Foundation (CNAF) does not support, endorse or recommend any method, treatment, product, program or person for people suffering with autism spectrum disorders. The goal of our site and our responses to your questions is to provide accurate and up-to-date information about autism spectrum disorders. We believe everyone has the right to access all of the information available to them, allowing them to make their own individual choice.
